PROFESSIONAL SUMMARY

Senior Full Stack Developer with **6+ years of experience** engineering enterprise web applications, healthcare SaaS platforms, mobile fulfillment applications, and cloud software. Expert in **Angular (v22, Signals, Standalone, RxJS)**, **Ionic Framework & Capacitor**, **Firebase (Firestore, Auth, Functions)**, **TypeScript**, **Node.js**, and **NX Monorepos**. Proven success architecting AI claims DME software platforms (Curasev), mobile driver delivery apps (CuraPro), solar CMS platforms (VIPSUN), and high-traffic e-commerce ecosystems (ChilliPadi).

WORK EXPERIENCE

Senior Angular Developer | Arham Technosoft Oct 2023 – Present

- Architected **Curasev DME Platform** (curasev.com) automating AI claims billing, order orchestration, and EMR synchronization.
- Engineered **CuraPro Mobile delivery app** (Ionic/Capacitor) featuring real-time driver dispatch, GPS route optimization, barcode scanning, and digital signature capture.
- Managed NX monorepo structures overseeing multi-app frontend deployments, reducing build release overhead by 35%.
- Developed MyTherapyPortal (HIPAA intake portal), PTPracticePro Kiosk (touch check-in tablet app), and PTPracticePro Genesis EMR.

Angular Developer | Cybercom Creation May 2021 – Sep 2023

- Developed **ChilliPadi** (chillipadi.com.sg) catering & restaurant platform for Singapore corporate events & confinement meals.
- Built **ChilliApi** (chilliapi.com.sg) RESTful microservices engine for Halal event catering and kitchen dispatch.
- Engineered **TMS (Time Management & HRMS Platform)** product using Angular and Node.js for employee attendance and leave workflows.
- Engineered Koufu MiniProgram supporting QR table ordering for Alipay & Chope Super Apps.

Angular & Mobile Developer | iFlair Web Technologies Mar 2019 – May 2021

- Delivered Quickbooz Android mobile delivery application featuring live GPS order tracking.
- Built Galop equestrian news web portal.
- Created automated Cypress E2E test suites for Shirtee print-on-demand platform.

TECHNICAL EXPERTISE

Frontend Frameworks

Angular TypeScript RxJS Signals
HTML5 / CSS3 SCSS Tailwind CSS
Bootstrap

Mobile Development

Ionic Framework Capacitor Cordova
Android iOS

Backend & Database

Firebase Cloud Firestore
Cloud Functions Node.js Express.js
REST APIs MongoDB SQL

Architecture & Tools

NX Monorepo Cypress E2E
Git / GitHub SEO Audit
Firebase Hosting

EDUCATION

Master of Computer Applications (MCA)

Sardar Patel University | 2016 – 2018 (7.8 CPI)

Bachelor of Computer Applications (BCA)

Sardar Patel University | 2013 – 2016 (7.2 CPI)
